

## DIRECTOR OF PUBLICITY

Dan C. Campbell who called at the Chronicle office

RECOGNIZES VALUE  
OF WEEKLY PRESSDAN C. CAMPBELL VISITS  
CHRONICLE'S OFFICE

A welcome visitor to the Chronicle office last Thursday was Dan C. Campbell, director of Publicity for the provincial government, who passing through Champion called to make the acquaintance of the editor.

Mr. Campbell, who has a pleasing personality and knows the ropes of the newspaper work, is keenly interested in having the true facts in connection with the government made known.

He also has a word of praise for the weekly press of Alberta who serve the province so faithfully. While daily papers have a wide coverage the paper that is the most read in the rural home is the weekly paper and therefore it is the most important that the rank and file of the people in the country be given the facts relative to the working of the government.

He was securing the finest co-operation from the press, Mr. Campbell stated. Knowing newspapermen he had no hesitation in giving them advance information in confidence, is used that they would use same in the interest of their province and by all working together in such a public service something of benefit would be accomplished.

Ladies at Carmangay  
Hold S. C. Meeting

The Carmangay Ladies' Social Credit group met at the home of Mrs. C. White on Thursday, July 13th.

It was decided to invite Mrs. Dawson to speak at the next meeting and to meet on the second and fourth Thursday for a few months.

Mrs. Burns and Mrs. Wilson were appointed as delegates to attend the constituency convention.

Three new members were added to the membership roll making a total of 25.

## Chronicle Employee Hurt

Kenneth Glibz of the mechanical staff of The Chronicle had the misfortune to have his right hand caught in the press last Friday and is in the Carmangay hospital receiving treatment.

Just how the accident happened is not known, it was just one of those things which happen. While feeding the press his hand remained on the press too long and the fingers were caught by the impression, fortunately not on actual type. The accident occurred about 1.1 a. m. Dr. Freeze gave immediate attention to the case, taking the injured man to the hospital, where he will remain for a week or so.

The young man is very popular around town, and the many visitors which he has had and the inquiries at this office

Founding of  
Town RecalledAnniversary of moving from  
Cleaverville 29 Years Ago  
Observed Wednesday

Twenty nine years in the life of a town or community is nothing when one compares the history of the eastern or European centres but to Champion it is a long time. Wednesday was the anniversary of the founding of this community, according to reliable information given the Chronicle.

Previous to 1910 the centre of the district was ten miles out at Cleaverville, but with the coming of the railway the town site was purchased the transaction regarding the townsite sale being completed of July 19th, 1910. Full details of the growth of the community into an incorporated village, a story of exciting human interest will be told in a future issue.

Many of the present buildings on Main street were moved from Cleaverville, the progressive merchants in those days not waiting long to advance with the move of the people.

Great advancement, but of course those who came about 1910 can tell not only of the moving of buildings but general growth of the community.

The name Champion is said to be given in honor of a gentleman in the old land.

## Letter to the Editor

Re your articles on "Standards of Education to show the difference between the Government of Great Britain and the system which is trying to be put into force in Alberta this is from a London Newspaper:

The British government in 1924 paid 57.1 per cent of the education in Great Britain. In 1937 it fell to 49.6 per cent the school authorities claim as the direct taxpayers is being taxed too heavy and are demanding a revision of the grants as they claim the government is not bearing its full proportion of the cost. Notice the difference in this province—in all Canada for that matter—the government is not bearing ten percent of the cost. It all comes out the property or business man Net one cent coming out of it general revenue of the province goes toward education.

What about it? —J B

Deer Visit Local Farm  
In Search of Food

Two Deer, that had wandered from their usual haunts, were seen the week by Guy Dow on his farm north and west of Champion. They were peacefully grazing when noticed by Mr. Dow, apparently enjoying their feast of new wheat. On approaching the animals made a hasty retreat in a westerly direction.

regarding his condition is much appreciated by Kenneth.

## Finders Not Keepers

Found Property Cannot be Sold,  
Local Man Involved

A concrete case of the fact that one cannot be too careful to refrain from use or sale of found property was brought to light recently when a local man was involved in a watch deal, in which he had held the watch for the reward and when not hearing from the owner disposed of same. He appeared in court at Carmangay and was given a suspended sentence but his legal fees and court costs were a gentle reminder that it was serious business.

The story of the watch is somewhat lengthy and involves local business men but instead of leaving the found property with the police or some other person of trust he, when after no word was received from the owner, sold it to another for the amount of the reward. That person in turn had passed on the watch and with these complications prosecution followed.

No one must hold, sell or give away property which does not belong to them without incurring prosecution.

## Carmangay

Mrs. Sandy Fraser and son Billy, accompanied by Mrs. W. Hicks motored to Coleman on Friday and visited relatives and friends, returning Monday.

Mr and Mrs. Scotty Morrison have returned from an enjoyable vacation spent at the coast.

Last Thursday afternoon F. J. Rowley entertained a number of children, ten year olds and under at a swimming party under the railroad bridge, where they enjoyed a great time, races and games were included. All the youngsters showed healthy appetites when lunch was served by George Long of the Grange Cafe.

Mrs. Dermis Russell has been holidaying with relatives at McLeod.

Mr. and Mrs. Joy of Oakland, California were guests at the home of Mrs. Wm. Peacock on Tuesday.

Mrs. Wm. Dayman and a few young people of the district are holidaying at the Dayman cottage at Waterton Lake.

Lane Messenger of Creston, B. C. is enjoying a part of his vacation at the Jim Bowman home.

The service station at the Cook Motors is looking smart with a fresh coat of paint.

Harper Glendenning of Long Beach, Calif., who farmed west of town in the early days, died recently, according to word received here.

Monday night's picture—James Cagney in "The Oklahoma Kid," \$15 will be the sum drawn for. Mrs. J. Herman won the \$20.00 last week.

Plainfield school is to be closed, with the public school pupils from that district going to Black Spring Valley school and the high school pupils will come into town.

Premier Aberhart  
to Speak at BaronsTour of Constituency to be  
Made Next Month

Information secured by The Chronicle is to the effect that Premier Aberhart will visit the constituency of Little Bow either this month or next and the likely date is the first week in August. Arrowwood is also scheduled to have the privilege of having a visit from the Premier.

Interviewed, Hon. Peter Dawson stated that the Premier was in the north country and that a definite date for the local meeting was not certain but that due notice would be given. It is hoped that a large number will attend these meetings to hear the message of the leader of the Government.

With an election very likely in September or October political forces are very active in this and other ridings and electors will have the opportunity of hearing the big guns from all political parties fire off their broadsides regarding the affairs of state as they see it and of course it is for the electors to give these gentlemen and ladies a courteous hearing.

To Nominate  
Standard Bearer

C. C. F. to Name Candidate

A large attendance of members marked the business meeting of the C.C.F. federal constituency organization of Macleod riding held in Chesholm on Monday afternoon, stated Otto E. Wobick of Barons, secretary treasurer. This meeting was held as a preparation for the nominating convention to be held in Carmangay on Aug. 5 at two p.m. for the purpose of nominating a representative for the federal constituency.

Representative officers elected were: Rev. Howe, High River, president; Mrs. R.H. McBride, Arrowwood, vice-president; O.E. Wobick, Barons, secretary treasurer; directors—A. Mac Millan, Carmangay; Mrs. McLeod, High River; Herbert West, Lomond; J.E. Pearson, Chesholm; J.B. Griffin MacLeod. The Crow's Nest director is to be appointed by the executive.

The C. C. F. are to start a series of broadcasts over the Herald station, C.F.A.C., starting Tuesday of this week and continuing until the election.

The Canadian Commonwealth Federation have been in the political field for many years now and have as their leader, J. S. Woodsworth, an able parliamentarian. Their policies will be explained over the air to all who care to listen.

Cardston Paper to be  
Congratulated

Despite how busy we are we always find time to read the exchange papers coming to our desk and last week a special edition of the Cardston News received our very special time for reading because every page of its two sections was filled with interesting local copy about the development of the district.

Illustrations, of course enhanced the paper but the general material is also worthy of special note. Congratulations.

'JOCK'S WAGGIN'  
TONGUEVol. 3 Thurs. July 20 1939, No 24  
Jock McIntyre, Editor

Hejner Anderson of Okotoks was a visitor in town the other day. Hejner is looking and feeling fine.

See, compare, drive and talk it over with other operators and you will be convinced that the Chevrolet 1 ton is the finest truck of this capacity ever built by General Motors.

Roy Green and Rusty Robinson had quite a serious accident at Thigh Hill on Monday evening. Folks, bad hill, Drive Carefully.

Give the good wife a break and get her one of our new Red Jacket Water Softeners. Red Jacket is a water softener that softens the water and we don't mean maybe. Let us tell you about it—or, better still, try it out for yourself. The price Why you would hardly miss it!

Guy Edith and Laddy Don along with Sara Flemming were Waterton visitors last weekend.

We have Wearing Washers for your Combline repair job in a complete assortment.

The mosquitoes are so bad this season that at night the young fellows parked in cars on our streets slap themselves more than their girls do. They should use "Sto-way".

There are six new patterns in our stock of table oil cloths. See these new patterns when you are in need of such an item.

Pete Vallerheim is back from the Caribon Country and reports that there is "gold in them thar hills".

We overheard this one at the picture show the other night:—"Each hour I spend with you is like a pearl to me." She—"Aw, quit stringing me."

Have you seen all the new patterns in Gingham, Velfelt and Linoleum? We have several of the best to choose from.

A woman is a person who can listen to radio music and three scandals and still remember what's trumps.

Advertising Rates—Commercial Display rates on application.

Reading notices or locals, 10 cents per count line, and a minimum of 25 cents.

Government, Municipal and Legal advertising at Legal rates.

Notices of concerts, socials and all entertainments to which an admission is charged or of which the object is to raise money, 10 cents per count line for the first insertion.

Classified two cents per word per insertion, minimum 25 cents, cash with order.

Advertising copy should be in this office Monday, and not later than Tuesday.

News items always appreciated and should also be in this office as in advertising rules. All items subject to editor's approval.

Cancellation—We find that our subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Subscriptions will not be carried in arrears over six months, but we presume the subscriber wishes the paper continued unless cancelled.

## - Editorial -

### Guaranteed Wheat Price a Gift

As an election approaches there is a gathering storm in the east over the action of the Federal Government in having anything to do with the wheat business. The Globe and Mail one of the most influential Newspapers in Canada states that it has always held "bonuses, subsidies, subventions, guaranteed minimum prices or state intervention in the agricultural industry or any other industry are fatal." It further states that "it is only necessary to look at the classic examples of Government meddling with business of the United States to see how disastrous it can be."

This attitude is unfortunate, for while we, like the Globe do not believe in state intervention nor bonus to any industry yet in this particular instance there is a definite need for assistance to the western farmer. In helping the west, the Canadian Government are not seeking votes but making it possible for western people to buy eastern goods.

The Chronicle felt that in extending some assistance to the Ontario farmers the opposition in the east would be quelled but evidently there is a feeling that it is not a sound policy and that the farmers should stand on their own feet or move on to some other methods. The Globe says that the bonus to the eastern farmers is a "the eleventh hour sop thrown to Ontario to make the western bribe more palatable in the east".

Thus those in the west who are complaining of the action of the Federal government should stop and realize that the governing of such a vast Dominion with varied interests and outlook is no easy task and that there must be a spirit of give and take or compromise in government as there is in the home.

### A Great Public Servant

Last week we mentioned that often the strain on the health of men in Parliament is too great and the Chronicle was hardly off the press when the announcement was made that Hon. Charles Dunning, Minister of Finance, will be forced to retire because of a heart condition, practically the same as attacked the Rt. Hon. R.B. Bennett.

We view the retirements of the late Mr. Fielding, White, Robb, Rhodes, Bennett and Dunning as casualties in the nation's service just as if they had fallen on the battlefields.

Charlie Dunning's honesty and integrity are illustrated by the fact that when he was defeated in 1930 after several years as Premier of Saskatchewan and as Minister of Railways and Canals and Minister of Finance at Ottawa he was as poor as when he arrived in Canada an immigrant lad from Leicestershire. His father had been a tenant farmer in the old Country with meagre prospects. They were attracted to Saskatchewan by a Government advertisement offering free homesteads in wooded and watered country north of Regina. After making good on his farm young Dunning had a meteoric career in business and public life. He proved his capacity as general manager of a great chain of grain elevators, got himself elected to the Legislative assembly, was Provincial Treasurer of Saskatchewan at the age of 31 and Premier of the province at 34. Coming to Ottawa at Premier King's invitation when he was just turned 40, he served with distinction as Minister of Railways and succeeded Hon. James Robb as Minister of Finance ten years ago, when he was 44.

### A Stern Warning

Brockville Recorder and Times: A Manotic man was told in County of Carlton magistrate's court the other day that he was "a menace to others on the highway," and in addition to being assessed several fines (with the alternative of two months in jail) he was debarred from driving an automobile in Canada for the next twelve months.

To some this may seem rather a harsh sentence, but consider what this man had done: He had never obtained a driver's permit, yet he was operating a motor vehicle. He had never undergone a test of any kind to ascertain if he was a fit person to drive a car. Yet he went out and drank 10 draughts of beer; took the wheel of a car, and having become involved in an accident, fortunately of a minor nature, he ran away from the scene and was overtaken only with difficulty. Disbarring such people from operating a motor vehicle for a year is a small enough punishment, for it is reckless and criminal conduct of this type that makes the roads unsafe.

## Letter to the Editor

DEAR SIR:

Can Kehoe Dome Oil Stock ever reach \$10.00 per share? It sounds crazy. But let's see what the possibilities might be.

When a certain oil well, which was estimated at 75 bbls. per day came in a few years ago, the daily papers made quite a fuss about it, and as a result other oil companies were organized to drill in that area.

Some of us here in Barons, who had held for years, some well selected small acreage on the Scabby Butte structure, east of Barons, felt that we had a much better proposition out there, and as I have already told you in a previous write up, we brought down from Calgary, three men who were considered able authorities on oil structures, and what they found there convinced us that we really had something worth while, that would warrant the organisation of an oil company to drill a well. The last gentlemen who went over the structure very carefully, marvelled at the location of our acreage. He selected the drilling site for our first well, and informed us emphatically, that we couldn't miss oil here.

A few weeks later he called me into Calgary and displaying a map he had drawn of our area, he said there is 1000 acres just open for filing on that acreage, every foot of it is 100 per cent. I urge you to get that acreage as quickly as possible, even if you have to steal the money to get it. (We raised the money, but we didn't steal it, and filed on the acreage.) Continuing he said I went over that Scabby Butte area in 1888 with Mr. Dawson, who was regarded as the best Geologist in his day. (We geologized most of the province of Alberta.) he said. And I remember well when we arrived at that location Mr. Dawson made this statement: "If oil is ever discovered in this province, here is where big production will be found." So said my friend, after going over this structure again, I am convinced that you will open up 1500 bbl. wells here at less than 4000 feet, and if you spend more than \$50,000 to drill this depth you will be wasting money, and your drilling time shouldn't be over ninety days. You will be swimming in oil there, he said to me. You people in Barons he said, have a liquid gold mine at your back door, and you don't know it. It sounds like a fairy tale," I said. This made the old gentleman a little bit peeved, and he said "I am an old man, having gone through the boom days. I am not just talking to hear myself talk, I am telling you what you have down there, believe it or not. We have learned some other startling things about Scabby Butte and the Black Spring Ridge area.

So we organized the Kehoe Dome Oil Company, to drill on our location of 1164 acres. After he had this company organized, I visited my gentleman friends home and showed him the set up of our company, he examined it thoroughly, then said you have the finest organized oil company for the shareholders in the Dominion of Canada, (I hope we have, but that is taking in a lot of territory.) But we have done our best because I want to see my friends who will invest with us on this proposition, get some real return when we get production.

My friend took out his pencil, and figured for quite a while, then he said, I predict that your stock in a few years will be worth a lot of money, for with even a 500 bbl. well you should be able to pay back the investor, in dividends, every dollar he invested in your Co. in 1 year after you have sold the oil, when you do that, he said, your stock will be worth \$250 per share from one well, and you have room for practically 30 wells, and I am telling you that you can expect 1500 bbl. wells, and what will your stock be worth with this production? Well that will be a matter of figures.

Well it does sound like a fairy tale, but we are hoping to make it a reality.

Farmers gamble every spring when they put in their crops—they don't know whether they will get their seed back in the fall. This Oil proposition of ours may be another gamble—we don't think so, otherwise I wouldn't spend five minutes of my time on it, or ask my friends to put a buck in it. If we get the production we are told to expect can 1000 shares in Kehoe Dome, ever reach a market value of \$10.00, it has tremendous possibilities, and may be cheap at that;

Stock is selling for 25 cents per share, we are booking stock every day, to be paid for after harvest and we appreciate the support we have so far received from Champion and Carman gay and districts.

All money received from the sale of stock, is deposited with the Prudential Trust Co., Calgary. If something should happen that we can't begin to drill this well. 94 cents of every dollar invested will be returned to subscribers by the trust company.

Figure out this problem:

If one 500 bbl. well can make Kehoe Dome worth \$250 per share, what will it be worth with 10 such wells, and if you like you can multiply it all by 100, and estimate what it will be worth with 1500 bbl. wells? No wonder my Calgary Friend, thought our stock should be worth a lot of money.

We are trying to clean up the balance of the stock as quickly as possible. See the editor of the Champion Chronicle, get one of our circulars, study it and tell him how much stock you can take, and pay for after harvest.

If we bring in the oil well we expect, and you are not in on it, you will probably have to buy a new pair of pants—for you will feel like kicking the old ones to pieces.

We are now trying to complete a good drilling contract, get the derrick on the ground as quickly as possible so that drilling can begin, immediately after harvest. We want to get this well down by Xmas.

Yours for success,  
A.S. Roberts, Barons.

## AT THE CHURCHES

United-Rev. Peter Dawson the minister. Service at 7.30 p. m. Catholic service at 11 a.m., Fr Riter in charge.

ANGLO-CAN service at 3 p. m. Rev. Canon Winter in charge.

## Good Things to Eat

Chicken a la King: Two cups (or 1 can) of chicken cut in pieces, 1-4 teaspoon salt, dash of pepper, 1-2 cups milk, 3 tablespoons butter, 3-2 tablespoons flour.

Heat chicken, salt, pepper and milk in double boiler 15 minutes. Blend butter and flour and add to chicken, stirring until thickened. Cook 15 minutes longer, stirring occasionally. Makes 3 cups chicken.

Individual Shortcakes: Three cups sifted cake flour, 3 teaspoons baking powder, 1 teaspoon salt, 1/2 cup butter or other shortening, 3/4 cup milk.

Sift flour once, measure, add baking powder and salt and sift again. Cut in shortening; add milk all at once and stir carefully until all flour is dampened; Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll 1-4 inch thick and cut with floured 3-in. biscuit cutter. Place half of circles on ungreased baking sheet; brush with melted butter. Place remaining circles on top and butter tops well. Bake in hot oven (450 degrees Fahrenheit) 15 to 20 minutes. Separate halves of hot biscuits; spread bottom halves with soft butter and chicken a la king. Place other halves on top, crust side down. Spread with butter and garnish with parsley. Serves 8. Dough may be rolled 1-2 inch thick, cut and baked, then shortcakes split after baking.

## LEGISLATION

## The Maternal Welfare Act, 1939

Regulations made under the Provisions of the Maternal Welfare Act, 1939

1. Applications for grants must be approved by the Deputy Minister of Health or the Secretary of the Department of Public Health before any Grant is made.

2. A grant of not more than \$15.00 may be paid to any expectant mother who is in poor financial circumstances for the purpose of providing special foods or drugs necessary for the infant during the first year of its life.

3. Any mother to whom a grant may be payable shall have resided in the Province of Alberta for not less than twelve consecutive months prior to the birth of her baby on account of a baby born prior to April 1st, 1939.

6. Before any mother is eligible for a grant, the birth of her baby must be registered with the District Registrar of Vital Statistics.

7. Persons residing within the limits of any Dominion Park or any Dominion Forest Reserve, or persons residing on Federally controlled lands are not eligible to receive grants.

By PETER DAWSON

## STANDARDS OF EDUCATION

By Rev. Peter Dawson

In last week's issue we concluded by saying that WE ADULTS NEED MORE EDUCATION ABOUT EDUCATION. Now, while it is perhaps true that this most advanced and forward looking piece of educational legislation—The Large School Unit—that has ever been enacted in any Canadian province, recognized as such by impartial observers everywhere in Canada, was received with some misgivings in a few localities, as new ideas often are, the fact remains that this provides no justification for the loose and ill-considered use of epithets as Fascism and Dictatorship. The B.N.A. Act by its terms provides the province with administrative powers necessary for school administration. Therefore it becomes the responsibility of the provincial Legislature charged with that responsibility to pass laws for the improvement of education according to its best judgement. If such a power is fascist then as Dr. Sampson says "every legislature in the world that makes a gesture of real leadership in the conduct of public affairs must also be fascist. Leadership is not fascism. Fascism is the denial of the people the right at certain stated times to pass judgement on their rulers. It is this denial, backed by the state militia, firing squads and concentration camps that makes dictatorships of Germany and Italy. Fascism is a cowardly thing. It takes refuge behind rapid-fire guns and firing squads, instead of facing up to the bullets of democracy, the bullets of a free and sovereign people. As long as the election laws are observed, to raise the hue and cry of 'Fascism' over every act that does not meet with our personal approval is tantamount to crying 'Wolf! Wolf! Where—there is no wolf!'"

### Notice to Stock Owners re THE BRAND ACT

The Brand Act, Chapter 66 of the Revised Statutes of Alberta, 1922, as amended, stipulates:

"Section 17.—Any person who—  
(a) brands, or directs, aids or assists in branding any stock with a brand, vent or mark which has not been recorded under the provisions of this Act or which has been cancelled thereunder;  
shall be guilty of an offence and shall in addition to any other penalty to which he may be subject by law, be liable on summary conviction thereof, to a penalty not exceeding the sum of Two Hundred Dollars and costs."

It is illegal to use an unregistered brand.  
Furthermore, stock owners may lose any stock branded with unregistered brands, through other persons registering those brands and thereby securing legal claim on animals bearing them.

Protect your own interests by registering your brand with the BRAND RECORDER, DEPARTMENT OF AGRICULTURE, EDMONTON, at once.

## STURDY IS THE WORD FOR OLIVER

You can harvest faster and better with an Oliver Combine. Why? First: no delays from a breaking canvas-- or one that has to be unfastened every night at sign of storm--and then rightened up again

Another fact—Our machines stand up to heavy demands. If, however, you do need repairs we can give you minor parts from our stock. If we do not happen to have what you require there is a daily service from Calgary at noon and one from Lethbridge, so you can be assured of service for any parts needed.

It is better to buy an
